
DEPARTMENT OF RELIGIOUS STUDIES
ADVISORY COMMITTEE NOMINATION FORM

TO: New Graduate Students
FROM: Chair, Graduate Affairs Committee

Approval Date: _____

Departmental regulations require that you nominate an advisory committee to help you plan your future work. An 'advisory committee' exists under the recognition that final and firm selection of one's specialization may occur only after one has been in the Department for a while. It exists for the purpose of providing each student with a definitive group of persons to assist in the decision about specialization and about other matters -- personal, academic and financial.

In consultation with members of your area, please indicate below two or three faculty members you feel could aid you in your field of interest. **Please ask each faculty member to accept nomination by initialing this form.** These nominations are subject to departmental and Graduate Affairs approval. You will be advised of the outcome by letter. Of necessity, there are some restrictions on the number of graduate students any faculty member is able to assist. We will, however, give serious consideration to your suggestions.
